Mr. Robert Presnell, County Administrator
9-B E. Jefferson St.
Quincy, FL 32353

Dear Mr. Presnell;

The increase in the Supervisor of Elections 2014-2015 budget is to upgrade the voting machine hardware. The hardware upgrade is with the same company Elections Systems and Software, Omaha, Nebraska.

The voting machines we have are twelve years old and require a lot of maintenance. Such as:

- Replacing the Time Clock Chip which causes the machine to shut down and become in-operable. All 33 machines have had the time clock chip replaced in 2010.
- Replacing the Motherboard in some machines
- Diverter failure, causes the write-in ballots not to be sorted.
- Ballot jams with a 19" double sided, folded absentee ballot in the General Election.
- Cannot replace the batteries in the PCMCIA memory cards.

With an increase in voter registrations and voter turn-out we must continue to keep confidence and integrity in Gadsden County's election process.

New election laws are requiring, additional number of early voting days and early voting hours, but less waiting time for voters standing in line to vote.

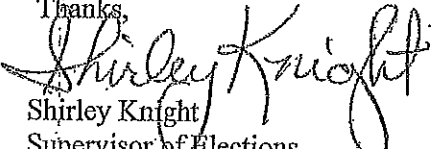

If we upgrade our voting equipment to the Elections Systems and Software DS-200 Precinct Optical Tabulator and Scanner, it will:

- Accept 11 – 19" ballots without jams or problems
- Accept multiple styles and languages
- Use data storage devices (Jump Drive)
- Take snap shots of Write-In ballots eliminating failed diverters
- 12-inch LCD screen to communicate to voter and poll-worker
- Low maintenance and easy to set-up at the polls.

Therefore, in order to continue to have great elections in Gadsden County, I'm asking you to approve 135-0137 Machinery and Equipment budget increase to upgrade our voting equipment.

If you have any questions, please let me know.

Thanks,

Shirley Knight

New programs and services

Greenshades Payroll Tax Service

- Implementation of on-line tax service which is more time efficient and an easier way to file and pay your payroll taxes. Instead of tracking deadlines, the new on-line service creates optimal payment and filing schedule based on the Gadsden County Sheriff's Office payroll. The new online portal provides tracking, email reminders for upcoming deadlines, allows viewing of historical information, and allowing you to schedule payments or filings in advance for payroll tax (941s), Unemployment Compensation Tax (UTC-6), W-2s and new hire reports. The new on-line portal is integrated with our Great Plains accounting software which allows payroll tax to be e-filed. This process eliminates filling out paper returns with the click of a button.
-

Greenshades Online Employee Portal

- The Greenshades Online Employee Portal is an employee intranet and self-service website hosted by Greenshades Software. Our Great Plains Dynamics accounting system automatically synchronizes data with the on-line employee portal thereby allowing employees to access payroll information from any computer or Smartphone. The employee portal is designed for self-service and allows employees to submit timesheets and leave requests for approval by managers or administrators which are then automatically downloaded into Dynamics.
 - The Online Employee portal after each payroll is updated automatically with new paycheck stubs, updated time-off balances, W-2s and more. Employees can securely log into the online portal and view and print this information as well as read company bulletins, set up email alerts, and see information such as a graph of time-off available throughout the past year. The online portal saves time by empowering employees for self-service and also automating business workflow. The timesheet module is one example: Employees can clock in/out on their homepage, view their timesheet, and then electronically sign the timesheet and send it to their manager for approval. Once logged in, managers can view submitted timesheets, make edits, and mark them as approved. Approved timesheets will be converted into payroll transactions and synchronized back into our Great Plains Dynamics Accounting software, ready for inclusion in a payroll batch. Beyond timesheets, the Employee Portal also has self-service processes in place for time off requests, onboarding documents like I-9s and W-4s, direct deposit administration, and On-line e-filing for monthly retirement reports.
 - Implemented a new telephone system VOIP for both Gadsden County Sheriff's main office and the Gadsden County Jail.
 - Updated accounting software to the latest version of Microsoft Great Plains, GP. Implemented direct deposit for employees payroll checks
