1. PERMITTEE declares that prior to filling out this application, the location of all existing utilities has been determined, both aerial and underground. Accurate locations are shown on the plans. A letter of notification was mailed on _____ to the following utility owners _____

2. The Public Works Department shall be notified forty-eight (48) hours prior to starting work and again immediately upon completion of work. Public Works phone number is 850-875-8672.

3. All work, materials, and equipment shall be subject to inspection by the County.

4. It is expressly stipulated that this permit is a license for permissive use only and that the placing of facilities upon public property pursuant to this permit shall not operate to create or vest any property right in said holder.

5. Whenever necessary for the construction, repair, improvement, maintenance, safe and efficient operation, alteration or relocation of all, or any portion of said roadway as determined by the County; any or all of said poles, wires, pipes, cables or other facilities and appurtenances authorized hereunder, shall be immediately removed from said highway, for reset or relocation thereon as required by the County, and at the expense of the permittee.

6. All County property shall be restored to its original condition as far as practical, and in a timely manner satisfactory to the County.

7. This PERMITTEE shall commence actual construction in good faith within _____ days after issuance of permit, and shall be completed within _____ days after permitted work has begun. If the beginning date is more than 60 days from date of permit approval, then PERMITTEE must review the permit with the Public Works Department to make sure no changes have occurred in the county that would affect the permitted construction.

8. The construction and maintenance of such utility shall not interfere with the property rights of a prior PERMITTEE.

9. It is understood and agreed that the rights and privileges herein set out are granted only to the extent of the County's right, title and interest in the land entered upon and used by the PERMITTEE, and to the extent permitted by law, assume all risk of and indemnify, defend, and save harmless the County from and against any and all loss, damage, cost or expense arising in any manner on account of the exercise or attempted exercises by said PERMITTEE of the aforesaid rights and privileges.

10. During construction, all safety regulations of the Florida Department of Transportation shall be observed and the

PERMITTEE must take measures, including placing and the display of safety devices that may be necessary in order to safely conduct the public through the project area in accordance with the Federal Manual on Uniform Traffic Control Devices, as amended for highways.

11. In the case of noncompliance with the County's requirements this permit is void and the facility will have to be brought into compliance or removed from the right of way at no cost to the County.

12. The attached sketch or plans covering details of this installation shall be made part of this permit.

13. Special Instructions _____

It is understood and agreed that commencement by the PERMITTEE is acknowledged and acceptance of the binding nature of these special instructions.
