

Board of County Commissioners Agenda Request

Date of Meeting: March 15, 2016

Date Submitted: March 1, 2016

To: Honorable Chairperson and Members of the Board

From: Robert M. Presnell, County Administrator
Curtis Young, Public Works Director

Subject: FDOT Grant Application Cycles

Statement of Issue:

This agenda item requests Board approval to submit grant applications to the Florida Department of Transportation (FDOT) under the following programs.

- Small County Outreach Program (SCOP)
- Small County Road Assistance Program (SCRAP)
- County Incentive Grant Program (CIGP)

Background:

The Board can submit two road projects for funding under SCRAP, two road projects for SCOP, and one road project for CIGP for consideration by the Florida Department of Transportation (FDOT). If selected for funding the projects would then be included on FDOT's 5-Year Work Program. Staff has prepared a list of sixteen (16) roads (see Attachment A) for the Board's consideration. SCOP applications must be submitted to FDOT by April 15th, and SCRAP and CIGP are due April 22nd.

Analysis:

The roads listed in Attachment A were selected by inspecting the surface condition, width, and length of the roadway. Using these criteria will help insure a high ranking and maximize the likelihood of funding for these projects. In addition, if any of the road projects are selected and funded, it will greatly improve the safety and driving quality for the citizens of Gadsden County.

Staff is requesting the Board to select two roads from Attachment A to submit for SCRAP funding (one of which must be less than \$100,000.00), two roads to submit for SCOP funding and one road to submit for CIGP funding.

Fiscal Impact:

No impact. All match requirements are waived for Gadsden County.

Options:

1. Select five candidate projects from the Attachment “A” list (2 SCRAP, 2 SCOP, and 1 CIGP).
2. Do not select.
3. Board direction.

County Administrator’s Recommendation:

Option 1

Attachment:

1. Attachment A: Potential Project List of Recommended Roads.
