Date of Meeting: April 1, 2014

Date Submitted: March 17, 2014

To: Honorable Chairman and Members of the Board

From: Robert M. Presnell, County Administrator
Justin Ford PE, Preble Rish, Inc.
Tracy Smith, Community Transportation Safety Team

Subject: Approval of Resolution 2014-008 Supporting the Community Transportation Safety Team (CTST) to Apply for Transportation Enhancement Funding Through the Capital Region Transportation Planning Agency

Statement of Issue:

This item seeks Board approval and signature by the chairperson in support of the CTST applying for Safe Routes to School (SRTS) Program.

Background:

The CTST is a locally based group of highway safety advocates who are committed to solving traffic safety problems through a comprehensive, multi-jurisdictional, multi-disciplinary approach. Members include local city, county and state agencies, as well as private industry representatives and local citizens.

Over the past two years Chief Beech and his successor, Chief Smith, have advocated for a sidewalk connecting a densely populated neighborhood of Havana to Havana Middle School. With the relocation of Havana Elementary School to the Middle School site, this project is even more important as the number of students that would utilize the route will increase.

The CTST is seeking funding for this project through the SRTS program. If successful, the project would be awarded to Gadsden County as a “LAP” (Local Agency Program) project. The County would then select the design engineer and ultimately bid the construction of the project on a reimbursement basis with FDOT.

Fiscal Impact:

None. Should the project be selected for funding, FDOT will fund 100% of the project costs.

Options:

1. Approve Resolution 2014-008 supporting an application for Transportation Alternative, Safe Route to School Funding through the CRTPA and authorize the Chairperson to sign the resolution.
2. Don't approve Resolution 2014-008 supporting an application for Transportation Alternative, Safe Route to School Funding through the CRTPA.
3. Provide direction
